Humboldt County

Grantee: Humboldt County

Amount Awarded: \$38,179.00

Grantee Contact: Ms. Carolyn Hawkins

Grantee Contact Phone Number: 707-268-2215

CalRecycle Grant manager: Carla Repucci

Project Summary: The Humboldt County Division of Environmental Health is applying for this grant on behalf of a private property owner. This property owner holds many acres of land in silviculture; illegal dumping is a problem where the public has road access to their lands. This project proposes to remediate 7 sites which occur in four distinct areas: Stafford, Shively, Dyerville, and Kneeland. The property owner will provide company personnel and equipment necessary to remove the waste and stabilize the sites, making this an efficient and cost-effective proposal.

Total Awarded for County:\$38,179.00

Imperial County

Grantee: Imperial County

Amount Awarded: \$41,361.00

Grantee Contact: Ms. Robin Hodgkin

Grantee Contact Phone Number: 760-482-4438

CalRecycle Grant manager: Carla Repucci

Project Summary: Imperial County consists of 4,597 square miles or 2,942,080 acres. Approximately 50% of county lands are undeveloped and under federal ownership and jurisdiction. Approximately 20% is irrigated for agricultural purposes. Imperial County Environmental Health Services is seeking financial assistance for the cleanup of 6 (six) illegal solid waste sites on farm or ranch property located in Imperial County. It has been determined by Imperial County Local Enforcement Agency that the property owners are not responsible for the illegal disposal of solid waste on their property. The above sites are located in agricultural zoned areas of Imperial County and due to their remote locations have become an attractive nuisance for continued illegal disposal.

Total Awarded for County:\$41,361.00

Mendocino County

Grantee: Mendocino Solid Waste Management Authority

Amount Awarded: \$27,325.00

Grantee Contact: Mr. Michael Sweeney

Grantee Contact Phone Number: 707-468-9710

CalRecycle Grant manager: Carla Repucci

Project Summary: Branscomb Road Cleanup Project. Cleanup of illegally-dumped trash between Branscomb Road and the South Fork of the Eel River, a protected California Wild & Scenic River, and erection of gates and barriers to block future vehicle entry to the cleaned-up areas. The Cleanup area encompasses six locations in close proximity. Project includes a public education campaign to discourage future dumping. Project will be exceptionally cost-effective due to use of Parlin Fork Conservation Camp inmates for manual cleanup work at nominal cost, and donation of administration, project management and truck and trailer time by applicant agency.

Total Awarded for County:\$27,325.00

Monterey County

Grantee: Monterey County Resource Conservation District

Amount Awarded: \$133,310.14

Grantee Contact: Mrs.Melanie Beretti

Grantee Contact Phone Number:

CalRecycle Grant manager: Carla Repucci

Project Summary: This project seeks funding to provide for on-farm cleanup, restoration, site security and bilingual outreach to prevent future dumping on private agricultural lands in Monterey County. Illegal dumping is rampant throughout Monterey County, and agricultural landowners and managers are often disproportionately impacted due to the size, isolation and accessibility of their acreage. The sites selected for cleanup and abatement are nuisances to our cooperating landowners and managers, and they pose a range of threats to public safety, the property beneficial uses, as well as sensitive environments through Monterey County. All 8 project sites will include site cleanup as well as installation of security measures to prevent future, recurrent dumping.

Total Awarded for County:\$133,310.14

San Diego County

Grantee: Upper San Luis Rey Resource Conservation District

Amount Awarded: \$70,472.31

Grantee Contact: Mr. Jesse Hutchings

Grantee Contact Phone Number: 760-742-1909

CalRecycle Grant manager: Carla Repucci

Project Summary: Illegal dumping of appliances, household trash and tires is occurring at two sites in north San Diego County. Site A is located in a low lying area with dumping occurring along the roadside. 1,035 ft. of fencing will be installed to deter future dumping. Site B is located 3/4 mile north of Site A and dumping occurs along a 3,100 ft stretch of roadside down steep hillsides. 600 feet of fencing will be installed at in four specific areas. Dumping locations at both sites occur in native vegetation adjacent to citrus and avocado groves and the sites drain down to other active tree crop groves and plant nurseries. Ground water in the area is threatened which is used for both potable and nonpotable purposes.

Total Awarded for County:\$70,472.31

Sonoma County

Grantee: Sonoma County

Amount Awarded: \$50,265.00

Grantee Contact: Ms. Rita Scardaci

Grantee Contact Phone Number: 707-565-4700

CalRecycle Grant manager: Carla Repucci

Project Summary: The two separate farm and ranch properties that are the subject of this grant application have been victimized by illegal solid waste dumping in areas immediately adjacent to perennial creeks, in some instances waste is in direct contact with water. Due to the steep terrain and proximity to the creeks, Probation Camp Supervised Adult Crews will hand remove all deleterious materials from the site to a temporary staging area where materials will be sorted for transport to the appropriate final destination (metal recycling, waste tires, solid waste, household hazardous waste). The cleanup of these two sites will eliminate the health and safety threat posed by the waste to the public, wildlife and the environment.

Total Awarded for County:\$50,265.00

Trinity County

Grantee: Trinity County Resource Conservation District

Amount Awarded: \$26,676.00

Grantee Contact: Mr. Patrick Frost

Grantee Contact Phone Number: 530-623-6004

CalRecycle Grant manager: Carla Repucci

Project Summary: This project will enable the cleanup of 24 illegal dumpsites on public (Forest Service, Trinity County) and private (Sierra Pacific Industries) lands throughout Trinity County, which is over 80% federally managed, primarily for timber production. These identified sites pose a significant health hazard to downstream residents and wildlife. Funds will be used to clean these sites up, block access where possible, and to educate the public on the negative effects of non-official dump sites.

Total Awarded for County:\$26,676.00

Grant Count: 7	Grand Total for Selected Counties: \$387,588.45
